

LEARNING GOALS

Our aim is to help parents become more intentional in their articulation and pronunciation of words as they role model for the children and aid in their understanding of the sound-letter associations in the English Language.

- 1- To learn and apply the 44 speech sounds
- 2- To understand and represent the 44 speech sounds with letter or letter combinations.
- 3- To learn and apply blending, segmenting, and mapping skills

PROCESS: LEARNING BY DOING

Each parent will be using 44 speech sound boxes, mirror, key word mat, and print on packaging (provided) to aid in understanding, recall and application. .
